Academic Year: 2023-24

No. of Feedbacks received: 04

Following are the responses regarding skills of students observed

Sr. No.	Skills	Response of recruiters
1.	Technical and Aptitude Skills	Good
2.	Communication skills	Good
3.	Interview skills	Average
4.	Participation of Group Discussion	Average
5.	Appearance and Dress code	Average
6.	Sincerity	Very good
7.	Students energy level	Average
8.	Overall behavior of Students	Good

Action Taken:

- Courses on improving Technical and Communication skills of the students under value added courses which can improve interview skills, participation in group discussion. Decision on improving the appearance and dress code is taken at department level and it will be implemented from July 2024. Students confidence level can be boosted if they are conversant with the skills required in industry. Some value added courses for the same are planned for next year. Mock interviews are also planned to improve the interview skills.

Head,
Mechanical Engineering Department
